

GET THE POWER YOU NEED

ULTRALIFE CR123A CELLS

For medical and commercial devices

Ultralife offers several versions of CR123A cells that will power applications, such as lighting where brightness is key, medical instrumentation and AEDs, handheld electronics and Internet of Things (IoT) devices.

Models are manufactured in Shenzhen, China and Newark, NY (where the new Ultralife UB123A is manufactured).

Ultralife's US manufactured version has an improved internal spiral construction and provides high pulse discharge of up to 3,000mA.
